RE PENING

COVID-19 PHASE TWO RECOVERY

In June 2020, Membertou rolled out its Phase One Reopening Plan, based on the public health and community safety protocols at the time. Given the continued positive trend of COVID-19 in Nova Scotia, Membertou is moving into Phase Two.

Staff members who are currently working or are returning to work are reminded to please follow and promote all COVID-19 health protocols. Training for staff will be provided upon returning to work through Membertou Health and Safety.

Membertou has ordered cloth masks and will distribute to employees upon arrival (beginning with front line staff). However, employees are asked to wear a mask that feels comfortable for them. Masks **MUST** be worn upon entry to Membertou buildings and facilities, and wherever social distancing is not possible.

Phase Two will be executed thoughtfully and carefully, ensuring safety for all employees and community members.

The details of Membertou's Phase Two are listed below:
